chairman's message

The 2021 AUA and ICSGS Academic Conference is an international platform to create an intellectual dialog for academics, researchers, practitioners, and policymakers where they can share and exchange ideas on the strategic global and sustainable development issues. This year, the School of Strategic and Global Studies Universitas Indonesia (SSGS UI), as a leading postgraduate school in Universitas Indonesia with its academic signature on the use of the multi/trans/interdisciplinary scientific approaches, is collaborating with the Asian Universities Alliance (AUA), a university alliance comprising 15 member institutions across Asia that consistently focuses on cooperatively addressing regional and global challenges to present this academic conference as part of academic response to the pandemic. I believe that collaboration is the key to identify global and local strategies to fight this global crisis.

On behalf of the 2021 AUA and ICSGS Committee, I am pleased to invite you to be part of this prestigious event. I hope that this academic conference will be professionally significant and personally enjoyable for all who participate. I am sincerely looking forward to hearing back from you and welcoming you to the 2021 AUA and ICSGS Academic Conference.

Kind regards,
Dr. Lin Yola
Chairman

introduction

After successfully holding four previous conferences, this year the School of Strategic and Global Studies, Universitas Indonesia, is collaborating with the Asian University Alliance (AUA) to hold an academic conference with the theme “Global Strategies for a Resilient and Sustainable Post-Pandemic World towards a Better Future for All.”

There is no doubt that the pandemic crisis threatens all aspects of human life. The 2021 AUA and ICSGS Academic Conference is calling academics, researchers, practitioners, and policymakers from various specializations related to strategic global and sustainable development studies to share their trans/multidisciplinary research findings and professional experience to find ways to bring significant impacts to the post-pandemic world. It provides a platform for an intellectual dialog on the crucial topics related to post-pandemic crisis risks, impacts, and mitigation efforts. More extensive mitigation efforts are needed to achieve alertness to prepare ourselves for possible future pandemics and create a more resilient world for everyone. Finally, this event will also bridge and strengthen international networking and collaboration among the participants and collaborating among institutions.

our collaborators

The 2021 AUA and ICSGS Academic Conference is jointly organized by Universitas Indonesia, CSIS The University of Tokyo, Tokyo University of Marine Science and Technology (TUMSAT), University of Malaya, and UCSI University. In short, the 2021 AUA and ICSGS Academic Conference proudly presents its’ significant collaborators:

- Universitas Indonesia, Indonesia
- Tokyo University of Marine Science and Technology, Japan
- University of Malaya, Malaysia
- UCSI University, Malaysia
- The University of Tokyo, Japan
- Tsinghua University, China
- National University of Singapore, Singapore
- The Hong Kong University of Science and Technology, Hong Kong
- Chulalongkorn University, Thailand
- Indian Institute of Technology Bombay, India
- Nazarbayev University, Kazakhstan
- Peking University, China
- Seoul National University, South Korea
- United Arab Emirates University, United Arab Emirates
- King Saud University, Saudi Arabia
- University of Colombo, Sri Lanka
- University of Yangon, Myanmar

schedule and programs

1

writing coaching clinics

7th - 8th September 2021

The Writing Coaching Clinics are intensive focus group sessions among reputable Experts and the 2021 AUA and ICSGS Academic Conference's participants. This program aims to introduce the guidelines on academic writing, learning points, interactive discussion, and practical exercises.

2

pre-conference seminar

5th October 2021

The Pre-Conference Seminar is an academic platform to accommodate the Conference Participants and Postgraduate Students across universities to have a Round Table research sharing discussion. This program aims to discuss the conference's scope across the topics.

3

academic conference

26th - 27th October 2021

Conference opening and closing ceremony; and peer-reviewed paper paralel session presentations.

important dates^{*extended}
