## The Theme

### **Green Stewardship: Preserving Biodiversity and Advancing Sustainable Development**

Brunei Darussalam, a biodiversity-rich nation with a strong commitment to sustainable development, provides an ideal backdrop for exploring the theme of “Green Stewardship: Preserving Biodiversity and Advancing Sustainable Development.” As part of the Heart of Borneo initiative, Brunei is actively involved in preserving its extensive tropical rainforests, which are home to diverse flora and fauna. This theme aligns with Brunei’s national vision, Wawasan Brunei 2035, which aims to promote sustainable economic growth, environmental conservation, and high quality of life for its citizens.

His Majesty the Sultan and Yang Di-Pertuan of Brunei Darussalam, in His Majesty’s Titah during the audience and investiture ceremony for His Majesty’s 78<sup>th</sup> Birthday Celebration on 15 July 2024, underscored that environmental sustainability will remain a key agenda for the country in pursuing development.

Brunei Darussalam offers an excellent platform for international students to explore and understand the intersection of biodiversity conservation and sustainable development goals (SDGs). The country’s efforts in preserving its tropical rainforests and unique ecosystems, such as peat swamps and mangroves, provide practical examples of how local initiatives contribute to global environmental goals. This theme aligns with the global agenda of sustainable development and offers international students a unique learning experience in a diverse ecological and cultural setting.

## Programme Framework

1. **Elevate:** Empowering students to reach their full potential, providing them with the knowledge and skills for better equipped in this rapidly changing world.
2. **Transform:** Shaping students into critical thinkers, well-rounded contributors to society, and lifelong learners.
3. **Discover:** Allowing students to interact with locals and enrich their cultural experience in this Kingdom of Unexpected Treasures.
4. **Agent of Change:** Instill a sense of responsibility, engagement, and leadership in various domains in shaping a positive future.

## Programme Objectives

1. **Biodiversity Exploration:** Immerse international students in Brunei’s rich biodiversity, from tropical rainforest to diverse wildlife.
2. **Global Goals & Local Actions:** Showcase how Brunei’s conservation efforts align with UN SDGs 13, 14, and 15 through real-world case studies.
3. **Environmental Stewardship:** Engage students in conservation activities, inspiring global responsibility for biodiversity and sustainability.
4. **Digital Innovation for Conservation:** Equip students with hands-on experience in digital tools and technologies for environmental monitoring.
5. **Cultural & Community Engagement:** Promote cultural exchange and community collaboration in biodiversity advocacy.
6. **Interdisciplinary Collaboration:** Foster cross-cultural and academic partnerships with experts to address environmental challenges.

### Key Activities

1. **Upskilling Workshops:** Developing soft skills and fostering a sense of environmental responsibility among youth.
2. **Community Projects:** Engaging participants in hands-on community projects such as tree planting, clean-up drives, and biodiversity monitoring.
3. **Innovation Challenges:** Competitions to develop creative solutions to local environmental issues using technology and innovative approaches.
4. **Field Trips to Green Projects:** Visits to successful youth-led environmental initiatives, sustainable farms, and conservation areas.
5. **Policy and Advocacy Training:** Training on how to advocate for environmental policies and engage in environmental governance.
6. **Cultural Activities:** Interactive cultural exchange sessions, traditional craft workshops, and cultural performances.
